

DR SAMANTHA PILLAY

Dream Big, Aim High.

As South Australia's first female urological surgeon, Dr Samantha Pillay has broken gender barriers and overcome physical challenges. Her No1 international best-selling, and multi-award winning, Inspirational Careers for Kids picture book series highlights that no dream is too big and no barrier too formidable. She motivates audiences to challenge stereotypes and embrace diversity in all professional arenas.

Speaking Topics Include:

- | | |
|---|---|
| Leadership for Women: | Insights on overcoming obstacles and achieving leadership roles in male-dominated industries. |
| Gender Equity: | The significance of equal opportunities in careers and how to advocate for change. |
| Power of Perseverance: | How resilience can help break down barriers and lead to success. |
| Innovative Approaches to Gender Stereotypes: | Utilizing AI and technology to challenge and change societal norms. |

"Dr. Pillay not only engaged but inspired a room of over 500 business leaders, highly regarded by guests as the highlight of our International Women's Day event. More than just a pleasure to work with, Dr. Pillay's actions reflected in her commitment to our event, valuing it as if it was her own."

Mia Hamilton, Event Organizer, Showcase SA

"Her presentation was witty, informative, and genuine. She is a pioneer of her profession and gender, and we hope to have her back again soon."

Peta Forwood, ACT Manager, RACS

Dr. Pillay's presentations are more than just talks—they are transformative experiences designed to inspire and drive real change. With her compelling narrative and expert insights, she creates lasting inspirations for any audience.
